In the article [The Hour of Philadelphia](#), there is a hint to where this cloud might be found:

Even the order is shown, as the planets move right to left in the Hebrew way of reading: the right fish is laying down, representing the dead in Christ who will be raised at His coming. Then the left fish represents those who are alive and remaining, who are caught up together with them in the cloud (symbolized by the Andromeda "nebula," anciently known as the "Little Cloud," which the fish points to). Thus, Jesus' catch is pointed to by Venus (the dead in Christ, like Moses as a type for Christ) and the messenger's catch is pointed to by Mercury (the living saints, with the antitypical Elijah).

In the heavenly scene that is unfolding to our eyes, the cloud of the Andromeda galaxy is perfectly situated over the throne of God, on which is granted to sit the redeemed with the Lamb:

10. The Golden Ticket

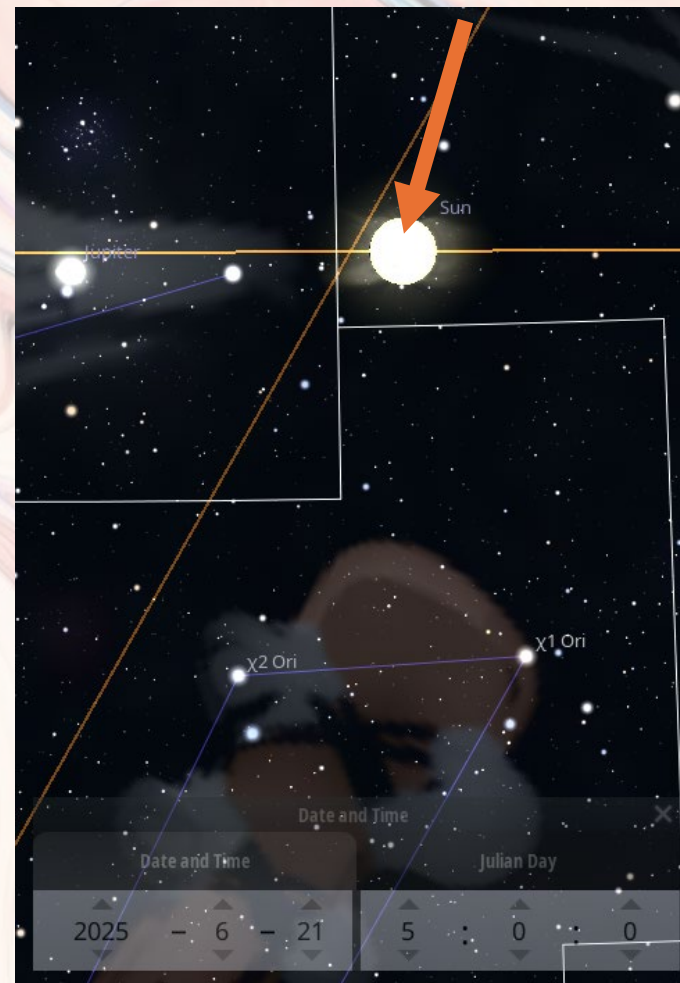

The Golden Ticket was posted on **March 11, 2022**, to reveal the most comprehensive sign of the coming of the Son of man ever witnessed. It conveys the story of how this sign was discovered, the world context in which it appeared, how it fulfilled dreams from multiple sources concerning it, and offers a springboard for further investigation.
