WHO IS THE DRAGON?

In this brief video update on the Last Act in the Drama, we uncover the identity of the dragon who speaks during the sixth vial of Revelation. While the beast and the false prophet have been clearly recognized in recent world events, the third voice—of the dragon—has remained shrouded in mystery. Yet considering the dragon in Scripture reveals some characteristics that, together with recent events, identifies the dragon. His influence is shaping global agendas while remaining low-key to the public's eye. Join us to discover who fulfills this role in the final moments of earth's history and what it means for the battle of Armageddon that lies just ahead.

THE MYSTERY OF THE SEVENTH BOWL

The Seventh Bowl of God's wrath contains a secret that is not so readily noticed, but once understood, it resolves many challenges of interpretation. The time is very short. Babylon is falling, and the Lord is calling out His people, before it crumbles on top of them and they can't escape. Give the warning and lead people to the light! We are entering a time when those in Babylon will mourn, but God's people may rejoice, for our King is coming! In this article, you will find encouragement in the brevity of the time as you see how the final fulfillments are already underway.

It's official! An interstellar object is visiting our solar system

For only the **3rd time in history**, astronomers have found an interstellar object hurtling through our solar system. The newly discovered space rock, now named 3I/ATLAS, could be as large as 12 miles (20 km) in diameter. And it's soaring toward the sun at a blistering pace.

UPDATE: The newly discovered space rock has a new designation, 3I/ATLAS. And that letter I stands for interstellar. So we have a visitor from another solar system! The Minor Planet Center (MPC) confirmed its new designation on July 2, 2025, as 3I/ATLAS, or C/2025 N1.

*There's a new object in the solar system headed toward the sun, and it appears it came from interstellar space. We only know of **two other interstellar objects** that have entered into our solar system before, '**Oumuamua and Comet 2I/Borisov**. The nature of 'Oumuamua is still a matter of debate, and the second was a comet from another solar system. And now we have a third interstellar visitor. First named A11pl3Z, the object is now designated as 3I/ATLAS, or C/2025 N1. The object's trajectory indicates it didn't originate inside our own solar system.*

a. **The first woe** – Covid-19/Vaccination crisis (the [number of the beast](#)).

And the fifth angel sounded, and I saw a star fall from heaven unto the earth: and to him was given the key of the bottomless pit. And he opened the bottomless pit; and there arose a smoke out of the pit, as the smoke of a great furnace; and the sun and the air were darkened by reason of the smoke of the pit. (Revelation 9:1-2)

- i. **“I saw a star”** (v. 1) – The star is a shining comet that made headlines when the first cases of what would become Covid-19 were confirmed in October of 2019. ([Video](#))
- ii. **“Fall from heaven”** – The object was 2I/Borisov, only the second interstellar object ever discovered. It came from “heaven”, i.e. unknown regions of interstellar space.
- iii. **“unto the earth”** – 2I/Borisov’s closest approach to earth: December 28, 2019. ([Video](#)) This defines the timeframe until the locusts emerge.
- iv. **“the key to the bottomless pit”** – The crescent moon is the key that is given to 2I/Borisov, visible in the constellation of Leo (illustrating a key shape): October 23, 2019. ([Video](#))
- v. **“He opened the bottomless pit”** – The bottomless pit is the black hole at the center of the galaxy. The crescent moon key comes to the galactic equator. [14]
- vi. **“There arose a smoke”** – We have recognized that smoke can be represented by the astronomical (black) new moon. ([Video](#)) The new moon “smoke” came to the galactic equator on December 26, 2019.
- vii. **“As the smoke of a great furnace”** – The moon is immersed in the dense smoke of the Milky Way that surrounds the “great furnace” of the galaxy. ([Video](#))
- viii. **“The sun and the air were darkened by reason of the smoke”** – The smoke is the moon, and because of that smoke (moon), the sun is darkened (during an eclipse hours later). Then Jupiter as the “air” ([Video](#)) is covered by the same smokey moon. This marks the beginning of the “corona” crisis (the corona eclipse formed a “crown”), when the air was “darkened” by the virus like a smoke. ([Video](#))

And I beheld, and heard an angel flying through the **midst of heaven**, saying with a loud voice, **Woe, woe, woe**, to the inhabitants of the earth by reason of the other voices of the trumpet of the three angels, which are yet to sound! (Revelation 8:13)

The heavens declare the glory of God; and the firmament sheweth his handywork. Day unto day uttereth speech, and night unto night sheweth knowledge. There is no speech nor language, where their voice is not heard. Their line is gone out through all the earth, and their words to the end of the world. In them hath he set a tabernacle for the sun, which is as a bridegroom coming out of his chamber, and rejoiceth as a strong man to run a race. His going forth is from the end of the heaven, and his circuit unto the ends of it: and there is nothing hid from the heat thereof.
